STRATEGIC IMPLEMENTATION PLANS

Working Details of the Momentum West Talent Attraction and Retention Action Plan
## Action Planning for Talent Attraction & Retention

**Challenge or Issue to Be Addressed:**
- Priority Challenge 1.1:
  - Area businesses do not have enough skilled talent taking positions that are new-to-career (e.g., entry level to less than five years of experience required).

**Goal:**
- Goal 1.1:
  - Attract young professionals to relocate to the region and stay.

**Initiative 1.1:**
Develop a targeted marketing campaign to communicate the region’s unique quality of place assets to students graduating from area universities before they leave the region.

**Ideas for Actions:**
- Gain input and feedback from young professional networks to test different messages
- Assess what young professionals currently identify as "unique quality of place assets" on an on-going basis to update messages and to ensure attention is paid to improving the most relevant assets.
- Adapt existing economic development and tourism messages to emphasize the region's attractiveness as a place to live and work for young adults.
- Communicate directly with college students to encourage them to stay
- Expand (or establish) higher educational institution career services provided to alumni
- Inform new residents about relevant amenities and services through social media and direct contact (e.g., Career Connection).

**Additional Information Required to Move Forward:**
- A continuously updated inventory of unique regional assets (including social activities) that appeal to young educated professionals
- Assessment of how well the area’s housing market responds to the needs of young educated professionals (e.g., urban rental market near key regional assets)

**Success Measures**
- Number of young educated professionals living in the region
- Number of individuals served by the “Welcome New Residents” programs
- Number of people reading online reviews of the region
## Goal 1: Expand the Talent Pool

### Funding Considerations

| FUNDING NEEDS: | • Resources for the marketing campaign • Staff to support programming • Establishing and maintaining a web presence |
| Potential Funding Sources: | • Area rental and real estate firms • Local communities |
| CHALLENGE OR ISSUE TO BE ADDRESSED: | • Priority Challenge 1.2:  
• The region’s three universities graduate students who leave to find jobs, but many may wish to return as they begin to establish families if they knew how to continue their career in the region. |
| GOAL: | • Goal 1.2:  
• Entice more alumni from the region’s educational institutions (include universities, colleges, and high schools) to return to the region. |
| INITIATIVE | **Initiative 1.2:**  
Develop coordinated communications and outreach to area alumni about the benefits of living in the Momentum West region. |
| IDEAS FOR ACTIONS: | • Determine employment needs and critical occupations for targeted industries.  
• Target messaging about key critical occupations through electronic and print media advertisements to alumni networks.  
• Coordinate with MW or others to sell region and specific career opportunities to alums when universities have alumni events  
  o Coordinate advertisements for job boards in University Alumni magazines  
• Support regional and national alumni events that promote available and potential job opportunities in Momentum West.  
• Develop strong social media platforms to connect alum back to the region  
• Support local "Welcome New Residents" programs and coordinate with an employee hospitality program for prospective and newly hired employees moving to the region.  
• Provide trailing partner support to those relocating to the region (e.g., Career Connection)  
• Gain testimonials from newly arrived residents in the form of online reviews about the ease of transition.  
• Expand (or establish) higher educational institution career services provided to alumni  
• Create a consistent regional online brand for marketing activities.  
  o Emphasize Quality of place, Quality of Affordable living, quality schools, K-12, higher ed., quality of community leadership |
| ADDITIONAL INFORMATION REQUIRED TO MOVE FORWARD | • Critical occupations in target industries  
• Access to alumni network lists  
• Assessment of area’s housing market for young families (e.g., entry level owner-occupied housing)  
• Assessment of region’s childcare providers and barriers to providing additional affordable childcare services |

- Events

**POTENTIAL FUNDING SOURCES:**
### ACTION PLANNING FOR TALENT ATTRACTION & RETENTION

#### CHALLENGE OR ISSUE TO BE ADDRESSED:
- Priority Challenge 1.3:
  - Area businesses seek talent for local jobs while thousands of Momentum West residents work in the Twin Cities, spending a great deal of time in traffic.

#### GOAL:
- Goal 1.3:
  - Help area residents working elsewhere to find jobs in local firms.

#### INITIATIVE
**Initiative 1.3:**
Market local job opportunities to out-commuters currently working in the Twin-Cities.

#### IDEAS FOR ACTIONS:
- Develop an online regional promotion and information hub to raise awareness about regional companies and careers.
- Identify employees already commuting from the Twin Cities (with the help of local employers) to encourage them to relocate to Momentum West.
- Use geo-fencing to target commuters coming home (Paul Bauer).
- Brand the online resource (e.g., “Work West Wisconsin”)
  - Focus on digital media with catchy phrase like, “10,000 job openings in Western Wisconsin, what are you waiting for?”
  - Hire intern or other to develop a targeted marketing campaign for “Work Western Wisconsin”
  - Create a replicable program for each community to roll out a work local program

#### ADDITIONAL INFORMATION REQUIRED TO MOVE FORWARD
- The impact of Work River Falls and Work Amery.
- Additional data on the number and demographics of current out-commuters (Useful data source: Census LEHD program)

#### Success Measures
**PROGRESS MEASURE:**
- Change (decrease) in out-commuting
- Change (increase) in in-commuting from Minneapolis-Saint Paul
- Number of website views
- Number of applicants/hires employers receive as a result of marketing efforts
**Goal 1: Expand the Talent Pool**

## Action Planning for Talent Attraction & Retention

### Challenge or Issue to Be Addressed:
- Priority Challenge 1.4:
  - The Momentum West region does not have enough people currently in the workforce to fill the jobs available and a high labor force participation rate within the existing adult population.

### Goal:
- Goal 1.4:
  - Seek out non-traditional sources of potential workers from area residents not participating in the labor force and from new population groups moving to the area.

### Initiative
**Initiative 1.4:**
Provide job and support services targeted to traditionally under-represented groups.

### Ideas for Actions:
- Expand area programs providing adults with employment barriers (e.g., disabled, returning veterans, ex-offenders, and others) help with securing and retaining jobs
- Conduct talent recruitment and hospitality support efforts aimed at a more ethnically and racially diverse population
- Collaborate with employers to identify and adapt existing employment practices in response to the work-life needs of adults with employment barriers or diverse population groups, including older workers (e.g., flexible schedules or special accommodations)
- Identify best practices by employers or communities in the region who have successfully diversified their workforce

### Additional Information Required to Move Forward:
- Model programs such as *Minnesota Compass* building on the Twin Cities’ role as an international *immigrant gateway city*
- Positive stories about successful workers that overcame employment barriers
- Identification of potential strains on community resources (K-12 schools, social services, charities, etc.)

### Success Measures
- Number of adults with employment barriers in the region’s workforce
- Labor force participation among hard-to-employ populations
- Number of international immigrants in the workforce
### Goal 1: Expand the Talent Pool

### Action Planning for Talent Attraction & Retention

<table>
<thead>
<tr>
<th>Challenge or Issue to Be Addressed:</th>
<th>Priority Challenge 2.2: Not enough students pursue academic courses that prepare them for local jobs at a time when businesses need talent with skills more closely aligned with available careers.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Goal:</strong></td>
<td><strong>Goal 2.2:</strong> Improve labor force preparedness by making educators, students, parents, and the community more aware of the skills required to undertake a successful local career.</td>
</tr>
<tr>
<td><strong>Initiative</strong></td>
<td><strong>Initiative 2.2:</strong> Provide career planning support and skills information (about targeted industries) to key audiences in collaboration with employers, educational institutions, and workforce organizations.</td>
</tr>
</tbody>
</table>
| **Ideas for Actions:**              | • Improve marketing of career clusters and pathways to parents and employers through interactive videos that feature real local employers in an engaging way  
  • Provide educators with career-relevant curriculum content, including (1) business problem scenarios to be used in the classroom, (2) a playbook to help students and parents in exploring career options and (3) career profiles for targeted industries  
  • Share industry-specific information with business leaders about how work and careers are changing and about strategies for recruiting youth for opportunities in their industries  
  • Engage private sector employers to mitigate recruitment challenges in designing career pathway initiatives that support WI High School efforts  
  • Expand dual credential opportunities for high school students seeking technical careers to reduce the amount of time students need to earn a technical degree and enter the workforce.  
  • Assess and mitigate barriers to facilitating dual credential programs. |
| **Additional Information Required to Move Forward:** | • Identify best strategies to engage knowledgeable private industry representatives (i.e., through alternatives to in-person advisory meetings) in order to provide real time industry-specific information  
  • Insights about career pathway options and academic careers that help prepare for those careers (e.g., Wisconsin Career Pathways)  
  • Chippewa Falls Area Unified School District Career Clusters, e.g., Information Technology Academy  
  • Relevant career content describing business problems, e.g., National Business Education Association standards or State of Arkansas curriculum  
  • Compilation of existing career videos and brochures |

#### Success Measures

- Number of educators using applied career info in their curricula
- Number of students engaged in using curriculum resources (e.g., playbooks, career profiles, etc.)
- Number of students enrolled in career-relevant academic programs (e.g., science, technology, engineering, and math)

</tr>
</tbody>
</table>
| **Ideas for Actions:**              | • Organize and expand efforts to recruit business leaders to make classroom presentations  
• Develop and deliver cluster-based employment fairs for high school students and young adults with related Academic Career Plans  
• Produce facility tours that include career exploration programming that responds to the needs of targeted industries (e.g., manufacturing, information technology, health care, etc.)  
• Organize job shadowing opportunities for students interested in learning about critical occupations in those targeted industries  
• Develop “cooperative” internship programs for small employers (i.e., intermediaries perform recruitment and initial screening)  
• Organize youth apprenticeships targeted to critical manufacturing occupations, emphasizing programs targeted to graduating high school seniors or recent high school graduates  
• Develop an "easy button" (of related tools created) for businesses to participate in youth apprentice programs  
• Assess and mitigate barriers for youth and businesses to participate in apprenticeship programs |
| **Additional Information Required to Move Forward:** | • Inventory existing activities (such as that may be related to these actions  
• List of companies willing to host career events |

### Success Measures

| Progress Measures: | • Number of businesses sharing career information with students, parents, faculty, and the community  
• The number of sponsored career information events, including business leader presentations, facility tours, etc.  
• Number of career exploration “experiences” (e.g., tours, job shadow placements, internship placements)  
• Number of business partners engaged in providing an experience  
• Number of youth apprenticeships underway in the Momentum West region |
